'Olelo No'eau (Hawaiian proverbs & poetic saying)

KYC has adopted this proverb to remind us that it truly does take "an entire village to raise a child" and we believe in the 'ohana system where everyone is loved and valued and is just as important as the other person; but we can't do it alone. We need the help of everyone from the "village" to give our kids the best that we can so that they can grow up to be positive contributors to our community and in society thus having a healthy and happy future for all!

Please make sure that your child/ren can abide by your "family" rules that you have set forth; he or she is responsible for himself or herself if they leave the program area. KYC will not grant nor deny permission on behalf of the parent. Please be consistent with the rules as it helps to send a clear message to your child.
